

AMENDMENT TO THE CLAIMS

The listing of claims will replace all prior versions, and listings, of claims in the application.

Listing of Claims:

Claim 1 (Currently amended): A portable telephone comprising a plurality of input buttons for inputting various indications;

at least one light emitting element which emits a light, when any one of said a plurality of input buttons is pushed on; ~~at least one diffuser which is~~ said light emitting element located under said a plurality of input buttons, ~~and which~~ any one of said plurality of input buttons being a diffuser to diffuse[[s]] said light emitted from said light emitting element;

said diffuser including:

an incidence portion which has a receiving plane positioned near said light emitting element and receiving said light emitted from said light emitting element; and a projecting portion which has a reflecting plane for reflecting said light received by said incidence portion to an upper side of said a plurality of input buttons.

Claim 2 (Original): A portable telephone as claimed in claim 1, wherein said receiving plane of said incidence portion is a part of an arc any portions of which has an equal distance from said light emitting element.

Claim 3 (Original): A portable telephone as claimed in claim 1, wherein concave and convex are formed on a surface of said receiving plane of said incidence portion.

Claim 4 (Original): A portable telephone as claimed in claim 2, wherein concave and convex are formed on a surface of said receiving plane of said incidence portion.

Claim 5 (Original): A portable telephone as claimed in claim 1, wherein said light emitting element is a light emitting diode.
